

NATIONAL MILKING SHORTHORN  
RESEARCH CENTER SALE

November 19, 1977

Dear Shorthorn Producer,

The shorthorn business today has gained much prominence in the eyes of the livestock breeder today. This is mainly because of the devoted people and the amount of time spent in trying to find the right blood lines that will best complement your own herd.

Speaking on behalf of Mr. Heiss, we would like to request your presence at this milestone in the shorthorn business, the first Annual National Milking Shorthorn Research Center Sale November 19, 1977.

All the animals in the sale have years of performance behind them. These cattle have been tested for milk production, weight gain, and confirmation which has proven to be successful in both the dairy and beef show rings and proven beneficial for the producer as well.

You will see that from the exceptionally high gains of these animals that you will have the opportunity of purchasing the cattle of tomorrow, today! Come to the sale and help us set breed history for years to come.

Please don't hesitate to contact Mr. Heiss or myself for reservations or for any information that you might need.

Sincerely,  
Larry J. Orth

Sale Manager

 with a 2.1 per day of age gain. She is registered in the milking  
 society and appendix registered in ASA. Eligible for double  
 registry.

## **TERMS & CONDITIONS**

**TERMS:** The terms of this sale are cash unless previous arrangements have been made with Mr. Greiss or the Sale Management Firm. Settlement to be made with the clerk immediately following the auction and before cattle are removed from the premises.

**LIABILITY:** Each animal will be the buyer's risk as soon as sold, but will be cared for by the center for a reasonable period of time. Neither the owners, employees, auctioneer, sale manager; or other affiliated personnel can be responsible for any accidents, but they will make every effort to provide for the safety and comfort of those attending.

**HEALTH:** Each animal will be represented by a State approved Health Certificate in accordance with the health regulations of the State of Nebraska for Interstate Shipment. Buyers should make themselves aware of the health requirements of their respective states. Cattle sold to Canada and Wisconsin will be held and tested for those areas before shipping. The Rudolf Greiss Farm practices the most stringent health programs and no problems meeting your state's requirements are anticipated.

**BREEDING GUARANTEE:** The standard guarantee set forth by the Milking Shorthorn Society and the A.S.A. will be honored by the owners. Notification must be made to the seller within 6 months of the sale date if any animal fails to be a breeder.
